# HUNS MAKE MANY COUNTER CLAIMS FIUME WILL BE MADE A FREE CITY

**FORMAL REPLY OF GERMANY TO PEACE TERMS SUBMITTED BY ALLIES AND ASSOCIATED POWERS, MADE AT NOON HOUR TODAY AND RANTZAU LEAVES FOR SPA.**

## VATICAN SENDS OFFICIAL TO PARIS

**INDICATIONS ARE THAT FIUME DISPUTE IS AT END WITH AGREEMENT TO MAKE CITY INDEPENDENT AND BY GIVING CERTAIN ISLANDS TO THE OBDURATE ITALIANS.**

(By Associated Press)

Germany today made formal reply to the treaty terms presented to her on May 7th. The counter proposals appear to take issue with the Allies on nearly all the important phases of the treaty, according to summaries received from Berlin and Paris.

Immediately after the presentation of Germany's reply, Count von Brockdorff-Rantzaus, head of the enemy delegation, according to reports, leaves for Spa. Whether his departure will mark his retirement as a member of the German peace mission is not known. Several minor members of the mission left Paris for Germany yesterday.

Dispatches from Paris indicate an agreement by the Council of Four on questions relative to the Adriatic and the city of Fiume. That city, according to the latest reports, is to be an independent municipality.

Regarding the other arrangements made, it is stated that certain of the Dalmatian Islands go to Italy, but it is understood that she will not get the Adriatic ports of Zara and Sebenico.

The Vatican is represented officially at Paris for the first time since the peace conference began work. Monsignor Ceretti, Papal undersecretary of state, is in the city to discuss with Entente chiefs the status of Catholic missions in lands affected by the deliberations of the conference.

It is improbable, it is said, that he will be officially received by the conference, because of the clause in the treaty of London, between Great Britain, France and Italy, which barred the Vatican from participation in discussions regarding questions connected with the war.

A statement has been issued by the Bolshevik premier, Lenin, of Russia, attacking Bela Kun, chief of the Soviet in Hungary, according to a London dispatch. The statement is said to assert that Moscow is the "center of the world revolution and must be obeyed."

American troops are, apparently, to be immediately withdrawn from northern Russia, transports having arrived at Archangel with British forces, which will relieve the men who have been holding the lines during the winter.

## REPLY CONTAINS MANY PAGES

(By Associated Press) Versailles, May 29.—Baron von Lersner, of the German delegation, informally delivered the complete counter proposals to the peace treaty to Colonel Henry, the French liaison officer, at 12:20 o'clock today.

The Germans explained there had been no time for translations which would be sent later. The volume containing the proposals is not bound, corner fasteners holding together the 146 pages.

## WILSON GIVES HIS APPROVAL

(By Associated Press) Paris, May 29.—President Wilson, papers say, has given his approval to an agreement on the Adriatic questions accepted by Premier Orlando, of Italy.

**FREMONT**—Mrs. John Hollinger, aged 67, was struck and killed by a train near her home yesterday.

## N. C. 4 MAY BE IN ENGLAND MEMORIAL DAY

(By Associated Press)

Brest, May 29.—The United States naval seaplane N. C. 4 will probably start from Lisbon tomorrow. Lieutenant Commander Read in charge of the craft, wishes to reach England on Memorial Day, according to a wireless message picked up here by the United States Ship George Washington from the Rochester, which is lying in the roads at Lisbon.

## 80 AMERICAN SOLDIERS ARE BELIEVED DEAD

Fire and Explosion in Coblenz District Reported Serious.

Eighty American Soldiers are Missing.

(By Associated Press)

London, May 29.—As a result of a fire in a building occupied by American troops in the Coblenz district and the explosion of a munitions dump yesterday, 80 men are missing, according to a Cologne dispatch to the Exchange Telegraph Company.

## MAY BE FRENCH

(By Associated Press)

London, May 29.—A later dispatch from Cologne says the fire and explosion occurred near the frontier of the Bavarian Palatinate, which is in the French area of occupation.

**BUCYRUS**—Dr. H. H. Smith, former Bucyrus practitioner, has been appointed director of the health department of North Yakima, Wash.

## MEMORIAL DAY MESSAGE ISSUED BY THE PRESIDENT

**WASHINGTON, May 29.—(Associated Press)** President Wilson has cabled the following memorial day message to the American people:

"My Fellow Countrymen: Memorial day wears, this year, an added significance and I wish if only by a message to take part with you in its observation and express the sentiments which it inevitably suggests. In observing the day we commemorate not only the reunion of our own country, but also now the liberation of the world from one of the most serious dangers to which free government and the free life of men were ever exposed.

"We have buried the gallant, and now immortal men, who died in this great war of liberation with a new sense of consecration. Our thoughts and purposes now are consecrated to the maintenance of the liberty of the world and of the union of its people in a single comradeship of liberty and right. It was for this that our men conscientiously offered their lives. They came to this field of battle with the high spirit and pure heart of crusaders. We must never forget the duty that their sacrifice has laid upon us of fulfilling their hopes and purposes to the utmost. This, it seems to me, is the impressive lesson and inspiring mandate of the day.

"WOODROW WILSON."

## MORE RIOTS IN GERMANY EXPECTED AS DELEGATES BALK AT SIGNING THE TREATY

Crowds discussing news from Paris in Berlin street.

Serious rioting in Berlin and other big centers of Germany are expected hourly as the German peace delegates continue their defiant attitude and refuse to sign the treaty. The German people want them to sign the treaty so that the fatherland may settle down and begin its reconstruction. The picture shows how the people gather in groups to discuss the news from Paris. A leader and a few fiery words are all that are needed to turn these people into a mob.

**CAMBRIDGE**—Methodist Protestant Church has authorized the purchase of a site for a new church and parsonage for \$12,000. Salary of the pastor, Rev. C. J. Morton, was raised from \$1650 to \$2,000.

**WILMINGTON**—Judge F. M. Clevenger of this city has been appointed vice president of the American Bar Association to succeed Judge Kibler, deceased, according to an announcement made here.

INJURIES FORCE HIM TO GIVE UP ATLANTIC FLIGHT

Capt. C. W. Morgan.

Capt. C. W. Morgan, who was attempting the trans-Atlantic flight from St. Johns, N. F., with F. P. Raynham in a Martinsey plane, has been advised by physicians that he must not fly again. He was cut about the face when the plane crashed to the ground in attempting to follow Harry Hawker and Mackenzie Grieve in their flight. Physicians say he may lose his eyes as a result of the accident. Morgan intends to obtain a medical certificate plans for the future.

## SENATE TO TAKE UP RELIEF BILL IN NEAR FUTURE

Conference Committee Recommends Bill be Passed.

Governor Expected to Veto the Measure.

(By Associated Press) Columbus, May 29.—Failing to convince Senator Hopper, democratic minority floor leader, that the governor's plan for financial relief for cities and school districts, is unconstitutional the conference committee recommended the bill as passed by the House, be agreed upon by the Senate.

As passed by the House the bill provides elections for November 4th, to issue deficiency bonds and vote a tax levy outside the Smith one percent law to pay the interest and sinking fund. In this form the bill does not carry the emergency clause and is subject to referendum.

Both houses are expected to agree to the committee's report. If the bill is again vetoed by the governor as anticipated, efforts will be made to pass it over his veto in June.

## AUSTRIAN PEACE TERMS ARE NOT YET COMPLETED

(By Associated Press) Paris, May 29.—When the peace conference met in plenary session this afternoon to hear the Austrian peace terms it was announced the treaty had not yet been completed. It was decided therefore to postpone the session until Saturday when the treaty was expected to be finished.

## DELEHANTY MAY FACE SERIOUS CHARGES IN PROBE OF LEGISLATURE

All Members Exonerate Clevelander Who is Implicated in Bribe Claims,

REPORT FILED TODAY.

Dr. Skeels is Given Scoring for Activity in Lobbying for Chiropractors.

### REPORT ADOPTED

(By Associated Press)

Columbus, May 29.—Recommendations that the House of Representatives "take such action as may be necessary looking toward the censure or expulsion" of Representative Frank Delehanty, of Cleveland, was made in the report of the Legislative Bribery Investigating Committee today, which was adopted unanimously by both houses.

"We regret to report that from evidence submitted the committee feels justified and warranted in finding one member, Frank Delehanty, has been guilty of such conduct in connection with a certain bill that some action should be taken by the House of Representatives in his case," the report states.

(By Associated Press) Columbus, O., May 29.—The joint legislative bribery investigating committee reported to the legislature, which will be submitted late today will exonerate every member of the general assembly with the exception of Representative Frank Delehanty, of Cleveland, according to an announcement made by one of the members of the committee.

This committeeman said the report will show that evidence was received which tends to show Delehanty solicited money in connection with the non-medical practice bill. He said a recommendation would be made that a transcript of the evidence be turned over to the Prosecuting Attorney of Franklin county, with a request that he take such action as he deems advisable.

Senator Howell Wright of Cleveland, for whom Delehanty, according to the evidence, sought a bribe for Dr. Skeels, chief lobbyist for the chiropractors, will be completely exonerated by the report, it was said. It was said the report will criticize Dr. Skeels.

## SOLONS ADJOURN

Columbus, O., May 29.—Both houses of the legislature this afternoon adopted resolutions providing a recess until Monday, June 16th.

**NEWARK**—C. O. Harris filed suit in common pleas court to recover \$2000 damages from the Baltimore and Ohio Railroad Company. He purchased the 400 hogs killed in the Central City wreck last week. He hauled away 35 hogs, but when he returned for the balance he alleges the company had sold them to another man for a higher price.

**FOR ITCHING TORTURE**

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

**GREAT FOR EMERGENCIES**

San Cura Ointment Should Be In Every Home.

There never was known a more reliable ointment than San Cura. In most every case where it has been used it has created astonishment. It drew a needle out of the foot of the daughter of Mrs. James Hitchcock, of Centreville, Pa., after the doctor had used his lance and failed.

It has great healing and antiseptic value. It possesses so much healing virtue that it is guaranteed by Blackmer & Tanquary to relieve any kind of piles, eczema, tetter, salt rheuma, boils, carbuncles, ulcers, all kinds of chronic sores, chilblains, and chapped hands, or money back.

It's a mighty handy remedy to have in the house in emergencies for bruises, burns, cuts or scalds, because it relieves the pain and is antiseptic and healing. It's a medicine chest in itself—a little family physician that is ever in demand. 30c, 60c and \$1.20 a jar at Blackmer & Tanquary's.

**BEST SKIN SOAP**

Is San Cura Soap, because of its great antiseptic and healing virtues. Use it regularly, and it will make the skin soft and velvety; will remove pimples and blackheads. It's the real soap for baby's tender skin, which mothers of infants should remember. 25c a cake at Blackmer & Tanquary's.

If your druggist does not have it send to Thompson Medical Co., Titusville, Pa.

**MATSUDA IS CHALLENGED**

The Herald is in receipt of the following letter from Jack Burns, who was defeated by Young Hackensmith in this city recently, and who now challenges Matty Matsuda for a light-weight championship of the world.

The letter follows:

Detroit, Mich., May 27.

Editor The Herald:

"I would like to put a challenge in the Herald to wrestle Matty Matsuda for the light-weight championship of the world at Washington C. H., if he will put up his belt."

**JACK BURNS."**

It is expected that the bout will be arranged after the bout between Matsuda and Hackensmith here to-night.

**DEMONSTRATION OF CULTIVATORS**

The Madison County Farm Bureau will hold a cultivator demonstration on June 12th, in a seventy-acre field on the R. W. Boyd land, one mile East of London on the Ohio Electric Railway.

At this demonstration it is expected that four or five motor cultivators, 15 to 20 two-row horse drawn and as many single-row cultivators will be in operation. The Farm Bureau will furnish horses to draw all horse-drawn machines in the field.

Manufacturers from all parts of the state are planning on attending with their cultivators.

Prof. H. C. Ramsower of the Department of Agricultural Engineering, Ohio State University, will act as field manager of the day.

**MAKING HEADWAY ON IMPROVEMENT**

Washington and Fayette county citizens who use the Wilmington pike west of the Fayette Co. line will be

interested in the following note from the Wilmington News regarding the rebuilding of that roadway:

"Things have begun to stir on the new State highway, into which the old Washington pike is being converted under the improvement plan adopted some months ago.

A truck carries 15 or 20 men from this city out to the scene of activities every morning and brings them back again in the evening. The men and boys are being paid good wages, they say, and it looks like bees around a hive out Washington way about eight or 10 hours a day.

"Sand and gravel have been dumped at the points where culverts or bridges are to be built, and a lot of plowing has been done along the sides of the road, which under the state plan will be wider than at present between the fences. This means that practically all the fences along the route will have to be set back to conform to the new surveys.

"It is understood that the end next to Wilmington will be completed first. There is a small village, almost, in the school-yard just east of this city, where numerous tents and a cook house and dining-room dot the playground of the school. This is the central point of activity for the workmen, who are already working both directions from that place."

**LOCAL MOVIES TO BE SHOWN SOON**

Preparations are being made for showing to local citizens the moving pictures taken of the May 27th celebration.

The pictures were taken by Heber Jones of Greenfield and there is over one thousand feet of film, showing all leading features of the celebration.

The picture will be shown by Charles Johnson at the Wonderland and Colonial, it is announced.

Requests have been made to have the film shown in surrounding towns and after showing here the picture will be rented to other theaters where it is understood the people are very anxious to see it.

The film is the property of the county and after filling the booked engagements it will return to this city where it will be treasured as a reminder of the "Big Day."

**DRAWS FINE ON CHARGE OF ASSAULT**

Upon an affidavit filed by Mrs. Pearl Miller charging assault and battery, James R. Crawford was fined five dollars and costs in Justice T. N. Craig's court. Crawford plead guilty to the charges.

Both parties concerned live at Waterloo.

Deputy Sheriff Nelson served the warrant on Crawford.

**PERFECT ORDER**

It is announced there were no arrests made during the entire day of the celebration. The vast throng of people was, it is thought the most orderly and best natured ever assembled in the city. Not a single automobile was reported missing and there were no serious accidents of any kind.

**BREEDERS MEETING**

A very important meeting of the Fayette County Hampshire Breeders Association is called for Monday evening June 2, at the Y. M. C. A.

Every breeder or prospective breeder of Hampshires will be welcome at this meeting.

Mr. Depew, head of Marion O. state Secretary of the Ohio Association, will speak.

**Batteries Wear Out SAME AS TIRES**

And just like tires they require expert care and attention to make them long-lived. It isn't always necessary to buy a new battery when you think it is, or when you have been told it is. Quite often, when your battery appears to be "shot" it can be made to do many more months' service.

It is to our interest to make your old battery last as long as possible, and since we do all repair and rebuilding work on the adjustment plan, you have nothing to lose and may gain much by coming here FIRST with your battery troubles.

INTERVIEW**

Mrs. Crumblett Tell Her Experience

The following brief account of an interview with a Washington C. H. woman four years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. J. J. Crumblett, 474 S. Fayette St., Washington C. H., says: "I was all run down and I had to give up my work. An attack of lumbago left me helpless. My back ached so much I could hardly bend over and

my kidneys showed many signs of weakness. I couldn't sleep well and mornings I could hardly get out of bed. My head ached and I had such dizzy spells. I could scarcely walk. I was nearly a physical wreck. I got a box of Doan's Kidney Pills and they put me in good health." (Statement given July 31, 1913.)

On August 7, 1917 Mrs. Crumblett said: "I am glad to recommend Doan's Kidney Pills again. Whenever I notice any symptoms of kidney trouble coming on, I use Doan's, and in twenty-four hours or less, I get fine relief."

### UKRAINIANS WERE DISSAPPOINTED IN ALLIED MISSION

So Wrought Up They Opened Fire on Associated Press Correspondent

Claim Mission Prejudiced in Favor of Poles

Headquarters of the West Ukrainian Army, Chodoroff, May 29.—Correspondence of The Associated Press)—The impression prevails throughout the Ukrainian army that the Inter-Allied Mission (which visited Lemburg in the latter part of February to negotiate an armistice between the Ukrainians and Poles) was unfair in its proposals for the armistice.

The Ukrainian soldiers were so wrought up over this point that they fired upon the correspondent of The Associated Press who crossed from the Polish to the Ukrainian lines with the intention of proceeding to Stanislau, the capital of West Ukraine.

It was pointed out by the commander of the troops, General Pavlenko, that while the Ukrainians demanded that their western border extend as far as the river San thus including Lemburg, the Entente Allies proposed that his troops should give up Lemburg and all the territory they had conquered and retire on a line to the east of Lemburg and also to surrender the oil basins to the southwest of that city.

It was stated that the Inter-Allied Mission paid but 2 brief visits to discuss the subject. First the mission came to deliver a quasimilitiam regarding a truce which was accepted by the Ukrainians although hostilities

**The Salvation Army**

The Salvation Army organization is engaged in a nation-wide "drive" to raise a large sum of money to increase the facilities to carry forward their work.

There is no doubt that the Salvation Army has earned, by its splendid work in the war, the gratitude of soldiers and civilians alike. The Salvation Army is entitled to receive at the hands of an appreciative and grateful citizenship about anything it asks for in the way of support and money.

Standing right in the very front rank among all the splendid organizations for war work, is the Salvation Army—whatever the army asks for should be and, doubtless, will be granted but, at the same time, we can't avoid a feeling of regret that there is more than a possibility that the Salvationists may become an affluent—a rich organization—so generous will be the response to their appeal for financial assistance.

The Salvation Army has always occupied a place unique among the religious and charitable organizations of the world. Its members trod the humble paths and have gone out into the by-ways to seek the erring ones in need of the helping hand. As a consequence their field of work has been an exclusive one. The soldiers of that army have gone, with safety, into the trouble zones of civil life. They have gone where more pretentious, but equally well intentioned, organizations did not go, and to that long established custom of reaching into the out-of-the-way places, a great measure of the war work success may be credited.

At any rate we must confess regret if the success of the drive means the passing of the tambourine with its jingling small change and the common folks with hearts of gold who served for the love of doing good to those who were overlooked in life's great rush.

**The N. C. 4**

The big United States navy seaplane N. C. 4, on Tuesday afternoon, completed the last lap of the journey across the ocean, from continent to continent, from new world to old world. The last lap of the planned journey, less than eight hundred miles, from Lisbon to Plymouth, England, will be concluded with in the next few days, weather conditions permitting.

The great feat, though, has been accomplished. A heavier than air machine has flown across the Atlantic ocean under its own power from America to Europe and the best part of it all is that plane is commanded by Americans and piloted and manned by Americans.

As the great seaplane sailed majestically out of the west at sunset on Tuesday evening and gracefully alighted on the surface of the harbor at Lisbon, a new era in air travel had been inaugurated and America led the way.

The successful attempt of the United States navy to send a heavier than air machine across the ocean was, perhaps, not so spectacular as the daring attempt of Harry Hawker but, events have proved, that it was much more effective.

The thrilling dash and failure of the Australian, however, has measurably detracted from the success of the N. C. 4. It has served, in a sense, to make success seem plain, for the time, in comparison to failure.

**Tariff Building**

The necessity for new tariff laws to meet foreign trade conditions as they are certain to develop, in the near future, becomes instantly apparent when we realize the tremendous export trade which this nation is, at the present time, enjoying.

Since the close of the war, our export trade of manufactured articles has mounted to a total of three times the pre-war trade. That means that Europe is providing for the needs of the moment in American markets. It means that later on when the war-stricken nations of Europe have rehabilitated their industrial plants and once again mobilized their laboring force that the exports from the ports of the United States will drop and the drive to turn back the export balances in favor of the European nations will be on in earnest and this nation must look to the day when there must be some protection against the products of European factories.

There is only one protection—tariff legislation. There was vital need seven years ago for a reduction in tariff schedules, both export and import, because of their trust fostering tendency, but conditions have changed since 1914 and another great change is near at hand. We have not only developed "infant industries" which must be protected, but we are facing a concerted drive for the American market, perhaps more intense than any since the early days of the republic.

**POETRY FOR TODAY**

## THE SONG OF THE WIRES

Hear the wires singing, singing;  
Hear the wires ringing, ringing,  
As they throb across the country day  
and night;  
As the calls go hurry, scurry,  
Calls of fear and death and worry,  
Calls of love and hope and happiness and light.

Hear the wires mourning, mourning;  
Hear the sudden wires mourning,  
As they knell a friend who's leaving  
you or me;  
As they tell of son or brother,  
Or a dear old gray-haired mother  
Who has gone to dwell beyond the mystic sea,

Hear the wires singing, singing;  
Hear the happy wires singing,  
Songs of joy unto our loved ones  
far away;  
Songs that clear away the sadness,  
Songs that feed the soul with gladness,  
Fill the heart with all the sunshine  
of the day.

Hear the wires crooning, crooning;  
Hear the wires softly crooning,  
As they tell the sweetest story ever told;  
As they lullaby the story  
Of a mother and a glory  
That is new and yet so very, very old.

Hear the wires snapping, snapping;  
Hear the wires briskly snapping  
With the mills of giant business' endless grind;  
Hear the flash of urgent orders  
From the cities and the borders,  
For the goods that happy millions made or mined.

Hear them telling, telling, telling;  
Hear the buying and the selling,  
Hear them laughing, chaffing, tuning ev'ry day;  
Hear them ringing, ringing, ringing;  
Hear the living wires singing,  
Hear them ringing, singing, crooning  
on their way.

Americans "Wasteful" Says Man Who Collects Cigar and Cigarette Stumps

Paris, March 30.—(Correspondence of the Associated Press)—By no one

will the departure of the American soldiers from Paris be more keenly felt than by the humble "negotiators"—the pickers-up of cigar stubs and cigarette ends. This has been a gold coin time for them, and "Papa Cincante," who is the recognized boss of the trade and employs some thirty pickers, replies disdainfully when folks grumble to him about the scarcity of tobacco.

"There's always tobacco where Americans are," he says. "My men follow them up. Fine fellows! They smoke good stuff, and, what's better than they just chew their cigars and throw away half of them. That's where we gather in our little harvest. The quality of 'my tobacco' has gone up several degrees," and he grinned.

"Just now business is fine," he went on. "People are beginning to sit outside the cafes again, and my men pick up all the fag ends on the sidewalk. Another squad cleans up the music hall lounges early in the morning. People smoke more than ever."

Out in the Latin quarter, Papa Cincante has a drying and sorting shed, where the cigar stubs are cut up and made into pipe mixture, and the cigarette ends are sifted and turned into new smokes. He pays from 85 cents to \$1.25 a pound for the raw material, "according to quality," he says.

**SOIL SURVEY**

Crete, April 10.—American scientific agriculturists are now completing a survey of the soil possibilities of Crete in the same thorough fashion in which they surveyed the Greek mainland. American farming machinery and up-to-date methods are needed and arrangements have been made to educate the farmers of Greece and Crete so that they can increase their yield of crops. Major C. G. Hopkins of the Illinois Agricultural Department, and Lieutenant G. J. Bouyoucos, a native Greek educated in America and a former instructor at Michigan Agricultural College, are in charge of the American Red Cross agricultural survey of Greece and Crete.

**Corns, Galluses Quit Quick!**

Two Drops of "Gets-It" Will Do It.

Ever hand-carve your toe with a knife trying to get rid of corn. Ever use scissores and snip off part of the corn too close to the quick?

"Gets-It" Puts Your Feet in Clover.

Ever pack up your toe with "contraptions" and plasters as though you were packing a glass vase for parcel post? Ever use a nail to hold a bandage that rubs off on your stocking? Ever use sticky tape that gets jerked off when you pull your stocking off? Kind of foolish, when 2 or 3 drops of "Gets-It" on any corn or callus gives it a quick, painless, natural relaxation. Why suffer and suffer? "Gets-It" Stops corn pains, it lets you work, smile and dance, even with corns. It's the common-sense way, the only simple, easy way—peels corns like a banana peel. Used by millions. It never fails.

"Gets-It" is guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store, MTd by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H. and recommended as the world's best corn remedy by Brown's Drug Store, Blackmer & Tanquary's drug store, and C. S. Haver's drug store. adv.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Complimenting Miss Rosalie Slagle, who left Thursday for her new home in Lima, Misses Mary Hannah Bliss and Eleanor Jones were charming young hostesses at a little card party of intimates, followed by a pretty tea Wednesday afternoon.

The tea table, daintily appointed, had for its centerpiece a big bunch of rose gladioli. Mrs. H. J. Bliss and Mrs. Neil B. Jones assisted their daughters in the hospitalities and Misses Dorothy Dick and Florence Bliss presided at the tea table.

The girls enjoying the game, were Miss Babe Mack, of Gallipolis, the guest of Mrs. Frank Janes, Misses Helen McKee, Jocelyn Bowen, Jessie Sunkel, Isabel O'Neil, Maxine Kibbler. Miss Slagle has been a decided favorite in her coterie of attractive "buds" and her removal from Washington depletes the circle to a regrettable degree.

Mr. Walter Miller was united in marriage to Miss Elizabeth Kraft, Tuesday afternoon May twenty-seventh at the bride's home in Cincinnati, and on Wednesday morning arrived with the attractive young girl of his choice for a day's visit with his parents, Mr. and Mrs. Dave Miller, on Broadway.

Since his discharge from the Medical Service at the Ohio Mechanics Institute, Cincinnati on December twenty-third, Mr. Miller has been employed at the Washington Lumber Company in Tiffin, Ohio. Before enlisting he held a position at the Christopher drug store in this city.

The happy couple left Wednesday night amid a shower of good wishes for their future home in Tiffin.

ALL LOUD IN THEIR PRAISE OF  
"NEUTRONE PRESCRIPTION 99"

A working man buying a bottle of "Neutrone Prescription 99" was asked how it was helping him.

"Helping me", he replied. "Why, there is nothing on earth like it. You don't know how my poor swollen stiff joints are relieved, pain and trouble. I was nearly crazy with suffering and the worry of losing so much time and pay. Before I knew about Neutrone Prescription 99 I tried all kinds of tablets and liniments, but one bottle of 'Neutrone Prescription 99' helped me so much that I never without it now, all pain and swelling is gone and I feel like doing things."

"Neutrone Prescription 99" certainly must be wonder", the druggist replied. "We have never handled anything like it, they all say the same".

## BOTH WRISTS ARE BROKEN IN FALL

### HOW RHEUMATISM BEGINS

Tripping on the stairs at the home of her daughter, Mrs. A. J. Burgett, Wednesday night, Mrs. S. E. Goldberry fell down the flight of steps and fractured both wrists. She also sustained a very bad cut across the head and was otherwise injured.

The advanced age of Mrs. Goldberry makes her injuries doubly serious.

### SELFISHNESS AND UNSELFISHNESS ARE VIVIDLY DEPICTED

Two little stories in connection with the May 27th celebration have come to light, vividly portraying selfishness and unselfishness and appreciation and lack of appreciation as found in everyday life.

A former member of M Company, who had been gassed and wounded in one leg was nearly six miles from town and started to walk in for the celebration. Several persons, with ample space in their automobiles were hailed by the weary soldier and asked for a ride. No one was gracious enough to give the brave man a lift, so he walked to this city, marched in the parade and upon returning to his home became weary and sat down by the roadside. Believing him intoxicated, an officer upon complaint, brought the man to the Mayor's office, where his true story was learned, and Mayor Dahl, at his own expense, hired an auto and sent the man to his home.

The same evening another member of the Rainbow Division, who was a visitor in the city, was unable to find lodgings accommodations for the night. A local citizen was appealed to and although never having seen the young man, took him into his home, extended all courtesies he would any guests, and gave him a breakfast before allowing him to depart.

## A GREAT CHANGE ENTERS INTO LIFE OF STOREKEEPER

A certain unassuming gentleman in this city who happens to be a prominent merchant and who up to a few months ago was a recluse because of his physical condition tells this remarkable and most interesting tale:

"For a number of years", he said, "I have been so closely confined to my business working zealously to make my store a success that I have lost respect and regard for myself. I have been weary and fatigued and have become a mere shadow of my former self. My face has become drawn and haggard, and my disposition seemed to urge people to evade me. It was then that I began to despise my own company."

My bookkeeper and I one day suggested that I take a walk in the park and that I required attention. She told me that her father had taken Phosphated Iron when in my condition. "Look at him now", she said. "He works ten hours a day and is the happiest man in the world!"

"All this happened less than a month ago", he continued, "and I took her advice and took a walk in the park and I am feeling more fit than ever. When I see a tired looking face the name of Phosphated Iron immediately comes in my mind. I have been taking it every day for many a worn out body into a life rich in thought, ambition and enthusiasm".

## BROUGHT FOR BURIAL TO FORMER HOME

Word of the death of Mr. George W. Burton, of Columbus, which occurred at Dallas, Texas, where he has spent the past six months for the benefit of his health, Sunday, was received with deep regret by relatives and many friends of town and county.

Mr. Burton was born and raised in Green township and later resided in this city, from which he moved to Columbus about eight years ago.

He is survived by a wife, five daugh-

ters and one son, one brother, Cary Burton, of near Buena Vista, and two sisters, Mrs. Mattie Hanna and Mrs. Annie Brakefield, of Cooks.

The body will be brought back to this county for burial in the White Oak Grove cemetery, in the neighborhood with which Mr. Burton had been so long associated. Reaching this city on the 10:45 B. & O. train Friday morning the body will be taken to the White Oak Grove church, where funeral services will be held at one o'clock in the afternoon.

Coming from a distance to attend the funeral of the father are the son, Earl Burton, of Pittsburgh, Pa.; the daughter, Delsie Schuler, of Ardmore, Okla.; Alma Reid, of Dallas, Texas; Mable Ringling, of New York; Amanda Wortman of Cincinnati, and Clara Work, of Columbus.

## DEEP INTEREST IN GYPSY CASE NOW UNDER WAY

*Members of Bimbo Family Tell Story of Assault and Robbery, Identifying Men Accused.*

*Numerous Witnesses For Both State and the Defendants, on Hands.*

The case of Ohio against John Nichols, Joe Nichols, Tucum Adams and Pizaro Adams, which was started in the common pleas court, Wednesday, is creating a great deal of interest because of its unusual nature, and because of the fact that an unusual display of legal talent is involved in the case. Prosecutor H. M. Rankin being assisted by Post & Reid and Gregg, Patton & Gregg, and the defendants being represented by William H. Young, Ruey Hodap, of Dayton, and E. L. Bush of this city.

The case is the result of the alleged robbery of Tene Bimbo's family north of Jeffersonville a few weeks ago, and the subsequent indictment of five men, including the defendants above named, on charges of assault and robbery. Bimbo claiming that the five men, after beating members of his family and nearly killing Mrs. Bimbo, forced them to tell where \$2500 was hidden and then escaped with the money.

Witness put on by the state up to Thursday noon included: Mrs. Bimbo, Stanley Bimbo, Dr. Ervin, of Jeffersonville, Dr. Brown, this city, Deputy Sheriffs Nelson and Berry.

The Bimbos identified the four accused men and their stories were along the same line, varying in small details.

It is expected the trial will occupy several days.

## FORD STOLEN DURING NIGHT

Some time during Wednesday night a Ford touring car belonging to Herbert Rumer was stolen from the barn at his residence on South Main street.

The theft was not discovered until Thursday noon. The police were put on the track at once.

## OWNERLESS FORD HELD BY POLICE

Chief of Police D. L. Moore has in his possession a 1915 model Ford touring car, found in Millwood recently, and supposed to have been abandoned by thieves.

The car contained no license tag and the motor number has been destroyed. In fact everything that would reveal the identity of the owner has been removed, and it is now up to the owner to appear and convince the police of the true ownership.

**WAR FACTORIES OF THE FRENCH MAKING CHANGES**

Paris, April 17.—(Correspondence of the Associated Press)—The war manufacturers of France, many of which have already been diverted again to peaceful pursuits, are turning out a great variety of articles that are a far reach from the implements of destruction which were being fabricated on armistice day. So far as possible the war machinery has been kept and is being employed to make the things of peace to which it is best adapted.

Grenade foundries are now making iron water piping, parts for agriculture machinery and non-rusting casseroles. One important establishment which was working on shells is now manufacturing locksmith's tools. In other shell works iron window shutters, pick-axes, portable anvils, safes and washing machines are being constructed one plant which made parts for fighting tanks is, strange as it may seem constructing machines for the manufacture of paper and of chocolate.

Some of the aviation works have been diverted to strange productions. One is turning out threshing machines. Others which made airplane wings are making furniture. A plant which repaired air machines is building farm tractors. Another shop which made special parts for airplanes is installing looms for the manufacture of braid such as is used in upholstering furniture. Carburetors and plumber's lamps are being made by an aviation works which formerly made tape used in the mechanism of the flying machine. The reservoirs for patrol and oil made by one plant have given way to kitchen utensils. A plant which manufactured special articles for aviation and telegraphy has found that it can continue the same line profitably.

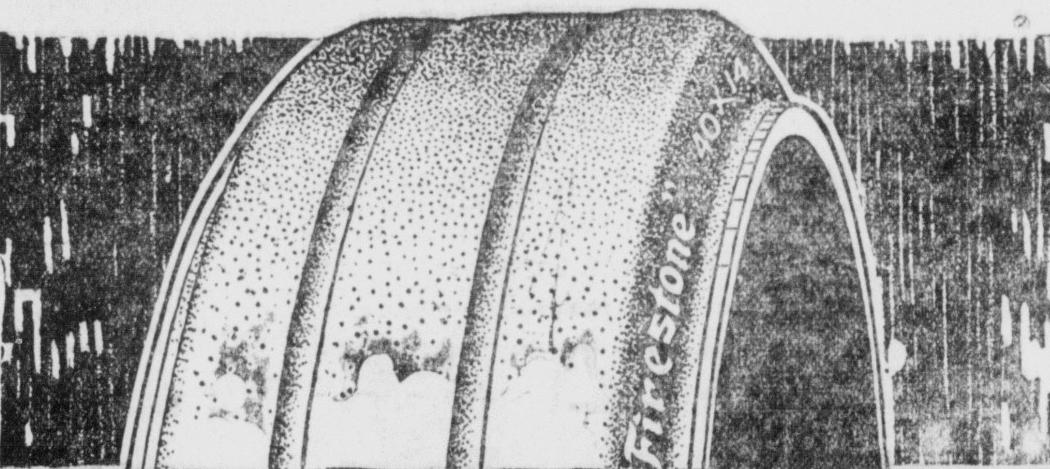

A plant which during the war made powder machines is now making implements for the production of benzine and dye-stuffs. Another is turning out crockery. Some plants which were using part of their equipment for the nitration of cotton have turned to the production of paper without finding it necessary to cut down their number of employees.

**NEGRESS SUES COBB**

Detroit, Mich., May 29.—Ty Cobb is alleged to have kicked somebody, and it wasn't in sliding to second, either. The exercise charged may cost the celebrated ball player \$10,000, and certainly a damage suit. The aggrieved is Ada Morris, negress, who charges that Cobb kicked her on April 25 when at a local hotel there was an altercation between them. Cobb ignored the notice of suit and yesterday Judge Clyde Webster signed an order in default.

**IRELAND'S STAND IS EXPLAINED BY JUSTICE COHALAN**

Justice Daniel F. Cohalan.

Justice Daniel F. Cohalan, of the supreme court of New York, prominent in the cause of Ireland's freedom says, "The Irish people are now not seeking any relief from the mis-government of England, but are protesting vigorously and with unprecedented political unanimity against any government of Ireland by England, whether that be in the form of good government or of bad government."

According to plaintiff Cobb became irate when in reply to a question as to where she lived the woman replied "Mississippi." The application of shoe leather is said to have followed.

Cobb is a native of Georgia and lives at Augusta, in that state, during the winter.

**YANKEE POLICE AID IN BRUSSELS**

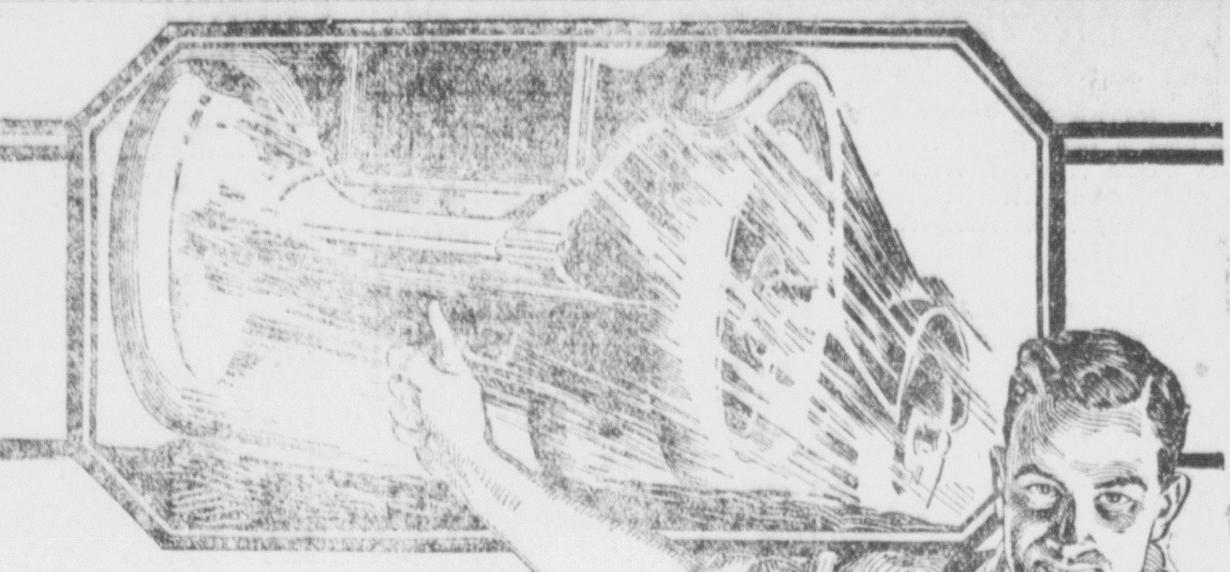

(Associated Press Correspondence)  
Brussels, April 21.—So many American army officers and men have been flocking to Brussels recently that General Pershing finally decided to assign military police to the Belgian capital area. The office of the assistant provost marshal, Captain George Parker, is in a building at one of Brussels' principal corners and all Americans remaining in the city any length of time are requested to register with the American authorities. About two hundred Americans, either on leave, homeward bound, or on duty, pass through Brussels daily. The military police force is made up of two hundred picked men from France.

**DISTRICT RAISES OVER \$14,000,000**

Columbus, Ohio, May 29.—Dr. F. I. Johnson, Executive Secretary of the Methodist Missionary Centenary, Cincinnati area, has authorized the following statement:

"With 300 churches not heard from, or approximately 20 per cent of all the churches in this area who have not reported the Cincinnati Area has officially reported subscriptions of approximately \$13,000,000, and subscriptions for allied interests amounting to at least \$1,000,000 more."

**Cradle Your Car on Miller Uniform Cords**

THOSE dead-weight blows of the load below the springs are what shatter cars to pieces long before their time.

Here is a way that practically ends this evil—the Miller Cord Tire—buoyant, over-size, elastic. Thousands of cable cords as strong as bow-strings, floated in new, live rubber, layer on layer. It gives and takes as it rolls on the rough of the road—it neutralizes shocks—you ride with bird-like ease.

Miller Tires, Cord and Fabric alike, are uniform in mileage, tire after tire. The result is that every Miller is a long-distance runner. Come here and get the size and type you need. And get acquainted with our expert repair work, quick service and reasonable charges.

**NO INCREASED COST OF SERUM CONTEMPLATED**

Columbus, O., May 29.—Though the cost of running the state hog cholera serum plant has doubled during the past year on account of the increased price of hogs, State Veterinarian T. A. Burnett says it is doubtful if the state board of agriculture will increase the price of serum which now sells at \$10 per quart.

The state legislature was called upon to appropriate \$70,000 for the serum plant for the fiscal year beginning July 1, whereas only \$35,000 was appropriated for last year. Practically all this money, Dr. Burnett says, is used to buy hogs from which the serum is produced.

Between 3000 and 4000 hogs weighing 90 and 120 pounds each are used by the plant each year. Half of this number is used to produce the cholera virus. The hogs used for this purpose are a total loss. The blood is extracted and the carcasses destroyed.

In the production of the serum which is used to counteract the cholera virus, the hog is bled, seven different times at the tail. During the bleeding process, the hog must gain three pounds each day when fed on a balanced ration. If it fails to gain, bleeding is stopped. After the seventh bleeding, the hog is fattened and slaughtered.

No charge is made for the virus. For each quart of the serum sold to a farmer, he is given a quart of the virus. The farmer inoculates his hogs with both the cholera virus and the serum at the same time. If inoculated with the virus without the serum, the hog probably would die of cholera.

"Lumbago struck me one morning just as I got out of bed, and my back hurt so I couldn't stand on my feet. My wife bathed my back with Houstonia Liniment and covered it with a hot flannel cloth, and I began to get better at once, and in two hours time I got up and went to work—J. R. Wilkinson, Selma, Ohio."

You can stop losing time from work or business, caused from backaches, joint and muscle pains, by an occasional application of House-tone-e-ah Liniment.

Lumbago hits quick and hard—sometimes without warning. Don't wait until you're flat on your back. Get a bottle of Houstonia Liniment today from your druggist. Comes in two sizes—4 oz. at 25c and large size at 50c. The kind your daddy used with my dad's picture on the yellow label.

## FURTHER EFFORTS ON RELIEF BILL

(By Associated Press)

Columbus, O., May 29.—With the cities and schools financial relief bills defeated as an emergency measure in the House of Representatives, an effort is to be made to pass it, stripped of its provision for special election to issue deficiency bonds.

After the House had defeated the bill as an emergency, it was amended, changing the election date from August 12 to November 4, and then passed subject to referendum.

The Senate, however, rejected the amendment and sent the bill to a conference committee, which is expected to recommend its passage with the election feature removed altogether.

This would permit city councils and boards of education to issue certificates of indebtedness to care for deficiencies existing in cities up to July 1, 1919, and school boards up to March 1920.

The provisions applying the inheritance tax to liquidation of the interest and principle of the certificates of indebtedness will stand.

It is anticipated that the Governor will veto this measure also, and efforts will be made to pass it over his disapproval.

The Crabtree prohibition enforcement bills again were put over until June 10, the date set for reconvening after the present recess, which probably will come today.

Prohibition leaders say they are making headway in winning support for the measure in the House and believe they will be able to pass them as emergency measures in June.

Both Houses today adopted the conference committee report on the general appropriation bill, which carries approximately \$50,000,000 for the next two years. The committee added approximately \$4,000,000 to the bill, most of the addition being for roads and representing the money which will accrue from the two mill special

## AMERICAN CRUISER REACHES ARCHANGEL

(By Associated Press)

Archangel, May 28.—The American cruiser Des Moines arrived here today simultaneously with transports bringing new British volunteer army units to relieve the Americans and other troops who have been fighting since last August.

There were few interruptions during the two hour speech and the exchange which did occur lacked much of the bitterness which heretofore has characterized the debate.

The gunboat Yankton is expected to follow the Des Moines within a few days.
